SENSATIONAL DAMAGE RE-

RECORD FOR THE SEASON.

to 25c gain. WHEAT.

The rise in wheat prices came with great waves of buying throughout the day, the accompaniments of dispatches received, each increasingly calamitous in day, the accompaniments of dispatches received, each increasingly calamitous in suggestions of ruin to the spring wheat. According to the dispatches current, the prospect of enough for bread and seed appeared to be a mere sickly glimmer.

The markets of the Northwest cut a wide swath in price-making. Minneapolis was not only sensationally up, but the number of buying orders sent from there were larger than for several weeks. Crop news from some of the experts who are now going over that country were worse than ever before, and the manner in which buying orders came in showed apparently that many sections will likely prove heavy lossers.

There was more or less talk of damage in Manitoba by rust, but from that section the reports were conflicting. A special from Winnipeg called atention to the fact that wheat is being cut there in many localities under best conditions, and that the damage reports are unwarranted. The popular movement in wheat was to buy the May and sell September. The market opened with sales of \$1.03\frac{1}{2}\$ to \$1.03\frac{1}{2}\$ and closed at \$1.03\frac{1}{2}\$ to \$1.03\frac{1}{2}\$ strength in

ROBERT O'CONNOR, C. C.
Frank O'Connor, K. of R. & S. The reason for yesterday's strength in corn was washed out by rains that had fallen meantime in the places which it was said the day before must have rain or suffer permanent injury to the crop. It might, perhaps, have gone worse with the price if the wheat market had been less strong. The feeling was one of nervousness up to the last. There was profit-taking on the hard spots, checking the advances and causing the setback. The local crowd sold corn freely early on the scattered rains in Kansas, but were buyers later on advices from Illinois, Missouri and Kansas that corn is "firing." Sept. opened at 54%c. to 55%c, to 56c, closing at 54%c.

Prices for oats advanced 10%c, but reacted and closed %c lower to \$6c higher. The feature was increased trading in May, which was bought extensively by commission-houses. This met heavy selling for profits, and prices receded. Sept. opened at 34%c to 34%c 34%c at the close.

P. O. Box 1002 12,800 After a strong opening, in sympathy with the advances in hogs and the wheat with the advances in hogs and the wheat market, the market for provisions weak-ened on heavy selling of ribs and pork. Lard, however, did not participate to any extent in the declining tendency of the other commodities, being upheld by buying for foreign account on a fairly liberal scale. The market closed steady, with Sept. pork 17%c down, Sept. lard 2%c up and Sept. ribs 12%315c up. 5. LOUIS LODGE, NO. 5, 1. O. O. J. R. Eggenberg, Secretary. Native Supply Good-Beef Cattle Easy -Hogs Close Lower.

NATIVE CATTLE-Beef Steers-There was a good representation of beef steers, of which the bulk were medium to preity decent, though no strictly choice ones were available. A number of trains were late, which added to the con-fusion, and only a few sales were reported reasonably early, and they were mainly called Me lower and several loads still in the pens

There was general complaint, swing to ex-cessive august and shippers were much disap-pointed at the outcome, and the warmings of the past several weeks are interested in the market under existing conditions were heard on all sides. Shippers should market with great caution. BEEF AND BUTCHER STEERS. BEEF AND BUTCHER STEERS.

Bequirements call for good to choice cows and heliers, while offerings were principally medium and below, and consequently the trade is very druggy and quotations are interestic lower. But there was no lors on the toppy kinds. The bulk of the trading however, was very unsatisfactory from all standpoints. Canners were reported dead dult, though veal calves and bulls showed no material change.

Several bunches of mules were included and were offered immediately after noon. The first bunch averaged 15.2, and brought \$100 a head, another bunch brought \$70 and another load \$50. There was little business in native horses. Some consignments were reported, but the time was taken up with the sale of Western horses, and the only sales of native horses were those made at private sale, which being few, did not make any changs or put any new phase upon the market.

MULES—The receipts of mules continue to be lighter on account of the slower and weaker markets which followed larger receipts during the past two weeks. On account of the moderateness of offerings the decline has been haited and values are guoted on a steady basis with last week, offerings moving in a fairly active way. However, there is not a very large demand from any outside source, and as a consequence local dealers are not urgent or even very active in their buying. The choicer classes of mules are having no trouble in finding an outlet, but the plainer classes are rather a draggy proposition.

Filtert and hiss Work were gweet-hearts twenty years ago, and were en-gaged. They drifted apart, Filhert going to Kansas, where he spent several years, prospering and accumulating considerable money. Miss Work finally moved to Euonyille, Ind., with her parents, where she gained quite a reputation as a short-story writer. A few years ago Filhert re-turned to Linton, Ind., and engaged in business. turned to Linton, Ind., and engaged in business.

Recently Filbert was in Chicago on business and picked up a newspaper in which there was an article written by Miss Work. It was entitled, "The Broken Lyre," Filbert wrote a letter to Miss Work when he returned home. She answered it, and in a short time their engagement of twenty years ago had been renewed. They were married here by the Reverend Doctor Padgett of the Olive Street Haptist Church. They will live in Linton.

SAY NEGRO SHUVED **BOY INTO RIVER**

Two Witnesses Claim Mendel Thochoffsky Was Pushed From Dump Boat.

An unidentified negro, the police charge, delicerately pushed Mendel Thochoffsky, a 4-year-old boy, into the river yesterday afternoon from a wagon on the city dump boat at the foot of Mulianphy street. Although Thomas Ford and James Sullivan, watchmen on the dump boat, who saw the boy fall into the water, made

heroic efforts to save him, the body was swept away and has not been recovered. the Frank Lind Grocery Company, He drove on the dump bont with a load of refuse to be dumped in the river. The boy was riding with him. Ford and Sullivan called to the negro not to take

the boy on the dumpboat, as it was danger-ous. The negro replied that he could take care of the boy.

A few moments later they heard a scream and saw the body of the boy fall into the water. One of the men said he thought he saw the negro give the boy a shove.

shove.

They jumped into a skiff and rowed to where the boy went down, but could find no trace of him. While they were in the skiff the negro ran from the boat, leaving the horse and wagon.

The boy was the son of John Thochoffsky of No. 22 North Ninth street. The police have a description of the negro and are making an effort to apprehend him.

GOES INSANE OVER DEATH OF CHILD

Thomas Dean Strapped to Stretcher at Hospital Where He Had Gone to See Son.

The announcement that his 3-year-old on, Roy Dean, had just died from a dose of poison administered to him for other medicine caused Thomas Dean of No. 915 South Second street to go into a state of temporary insanity at the City Hospital last night and caused the greatest commotion for a quarter of an hour until he could be strapped to a stretcher and taken

to the cells.

Three or four hospital assistants tried to control him without avail. The police were sent for, and it was after a long struggle that he was subdued and taken to a cell. **VETERINARY SURGEONS**

JAPANESE GIRLS STILL SERVE TEA AT RESERVATION.

Tegima's Letter Protesting Against Their Removal Not Considered by Executive Committee.

Dainty tea girls still continue to serve ea and smile sweetly at their tasks in the teahouses on the Japanese Reservato remove them from their stations in the pavillons, notwithstanding their presence is obnoxious to a Pike concession, and

is obnoxious to a Pike concession, and that the Exposition management has requested the Japanese Commission to have them withdrawn.

The letter of Commissioner General Tegima protesting against the proposition to remove the tea girls from the Japanese Reservation was not taken up at yeaterday's meeting of the Executive Committee, Secretary Stevens stated. The letter was addressed to President Francis and the matter may be adjusted without being referred to the Executive Committee.

In the meanwhile the Japanese Commission, which has champlaned the cause of the native tea girls employed on the reservation, is "standing pat" and has not withdrawn the girls.
